LOCATION:-

There are many owner ship flats taking very small area inside locality area of Tamluk and flat booking is completed before completing the base construction.

So our big project will be very demandable because of its valuable location in Tamluk Town. The project will form on about 0.42 acre area out of 1.11 acre. There will be only three buildings and only 48 nos. flat. The big project will provide gymnasium, Community Hall, play ground, landscaped garden, swimming pool, residential shopping complex, four and two wheeler car parking space, separate elevator (lift), intercom, round the clock security, 24 hours water supply and power back-up facility.

So after consideration of project viability. We hope that the project must complete successfully.
